

WHEN Mutations Occur

When do acquired mutations occur?

Where are acquired mutations found?

Can acquired mutations be passed on?

When do hereditary mutations occur?

Where are hereditary mutations found?

Can hereditary mutations be passed on?

WHY Mutations Occur

How can polymerase and DNA duplication affect mutations?

What are mutagens and how do they affect mutations?

How can crossing over relate to mutations?

Which kinds of mutations can result from crossing over errors?

WHAT Kinds of Mutations Occur

What do you need to know about substitution mutations?

What do you need to know about frameshift mutations?
